### REMARKS

Claims 1-54 were previously pending in the application. The Examiner has indicated that claims 1-54 are subject to restriction/election requirement. Applicants have withdrawn claims 41-54. Accordingly, claims 1-40 are now pending in the application. No new matter has been added to the application.

### ELECTION

The Examiner states that claims of Group I (i.e., Claims 1-40) and claims of Group II (i.e., Claims 41-54) are drawn to distinct inventions and has required election of one of Group I and Group II for further prosecution. Applicant hereby elects to prosecute the claims of Group I (Claims 1-40), without traverse. As such, claims 41-54 are withdrawn. Applicants reserve the right to prosecute the claims of Group II in a divisional patent application.

### CONCLUSION

Applicants respectfully submit that all pending Claims of the captioned Application satisfy all requirements for patentability and are in condition for allowance. An early indication of the same is therefore respectfully requested.
